

DCO year 7 & 8 end of year cycle assessments

Dear Families,

From 23rd of June we will be conducting our end of year exams in each year group. These exams will help inform teachers which set they will move into next year.

These will be done in line with the government (JCQ) expectations and will follow the same rules. We run exams in line with the government expectations in to ensure all pupils are clear on expectations and have an opportunity to experience what GCSE is like before entering year 11.

We have found this to work well from year 7 onwards so that students know exactly what it is like to sit exams at Dixons Cottingley.

This then removes a lot of anxiety and exam stress when it comes to their GCSE's.
