

DCO year 9 end of year cycle assessments

Dear Families,

In our final half term, from the 2nd of June, we will be conducting our end of year exams in each year group. These exams will help inform teachers which set they will move into next year.

These will be done in line with the government (JCQ) expectations and will follow the same rules. We run exams in line with the government expectations to ensure all pupils are clear on expectations and have an opportunity to experience what GCSE is like before entering year 11.

Please also take the time to visit the exams section of the school website, www.dixonsco.com/about/examinations

Here you will find copies of the Exam boards Privacy notices (all candidates for the GCSE exams must read), AI poster, Unauthorised Items poster, Malpractice documents, and the Warning to Candidates.
