

31 March 2026

Dear families

We wanted to write to you about online safety of students as we are seeing a rise in social media posts concerning young people. Safeguarding of our students is the most important thing to us and we want to ensure we are working with families to keep all students safe inside and outside of school.

Please speak to your child about online safety to ensure that they are mindful of any risks when interacting online or in situations that could end up online including:

- speaking to journalists / Youtubers etc who approach them in public
- commenting on and sharing posts on social media
- uploading content that identifies other students

If you have any questions or would like to discuss online safety further, please contact info@dixonsco.com

Yours Faithfully

Francesca Hitch
Principal
