

08 February 2024

Dear families

Thank you if you have already booked in for the Year 9 Parents Evening on Thursday 8 February 2024. If you have not made an appointment, please use the following link: <https://dixonscottingley.schoolcloud.co.uk/> to reserve an appointment time.

It is essential that you book to see your child's teachers as engaging with the Academy will ensure the best possible outcomes for your child.

During 2024, we will be launching the MyChildAtSchool app (MCAS), with future school communications, including correction messages, being sent via this app and no longer by text.

You can download the MyChildAtSchool app from Playstore or App Store prior to Parents' Evening. In the evening you will be asked to confirm the email address we have on record for you; be mindful that this is on top of the bookings you will have made to see teachers, so please allow additional time.

During the evening we will be raising money for charity via a bake sale - please can you bring change to support this good cause! There will also be samples of the students' work to be seen in the Main Hall.

Yours faithfully

Ms Seng
Assistant Principal for Data
